In the few official returns received from the county to the present time it is evident than twhen Harry Wilson, leader of the "Kid" Democratis, said yesterday that his faction had bolted the Democratic ticket and would vote for Jones, he was telling the truth. A few minutes ago Wilson sent the following telegram to Columbus:

counties, chaims McLean's election by 12, 000, but Colonel W. A. Taylor, one of McLean's managers, with the same figures, makes Nash's phirality about 8,000.

The State Journal claims Nash has carried Franklin County by 1,000. This is based on an estimated Republican gain of twenty to a precinct, but no such gain is shown by the returns.

As the returns come in the closeness of the election becomes more marked. For instance, one bulletin containing returns from 120 precincts outside of Cincinnati, Cleveland and Toledo gave Nash 13,302; McLean, 13,305; Jones, 1,859. The next bulletin, 140 precincts, gave Nash 16,137; McLean, the last county Ticket Elected.

The Republicans here gained six Members of the Assembly. They have lost two in New York County. Mazet, in the Nineteenth, and Rosenberg, in the Eighth. They gained three in Kings County. Dr. J. F. Barnes, (Dem.) carried the Republican county, Schuyler, by a majority of 300. If David B. Hill can manage it, Dr. Barnes will be the next leader of the minority in the Assembly. The three other cardidates for leader are Assemblymen Harburger, Trainor and Green, of New York County. Richard Croker may throw his influence to Mr. Harburger. He consented to the election of George M. Palmer, of Schoharie, last year, but the Democratic loss indicates that nothing can be gained by favoring up-State Democrats.

There was a Republican landslide in Chemung County. The Republican ticket was elected by pluralities ranging from 1,400 to 2,000. Charles H. His plurality in Eimira was 1,240, and this will be increased to 2,000 by returns from the country districts.
